

Ministry Update

MISSIONARY TEACHING IN KENYA

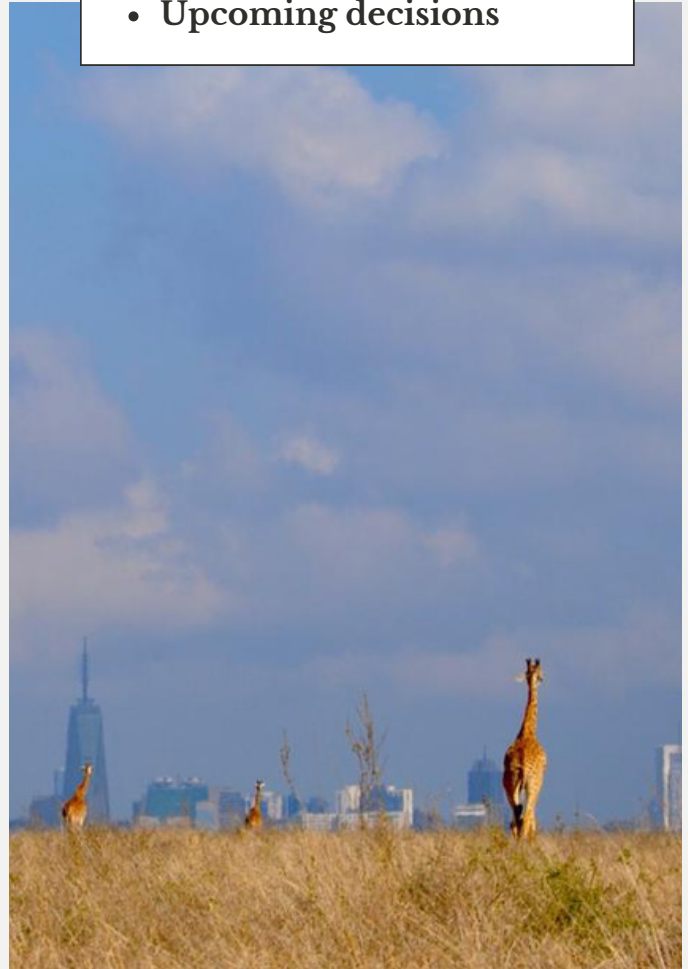

Merry Christmas!

It is hard to believe that it is already that time of year. As we approach the end of 2023, I am reflecting on God's providence these past 3 and a half years of living and serving as a 3rd grade teacher at West Nairobi School. I am grateful for the opportunity to teach about God daily to children from around the world. I feel an immense sense of gratitude when I think about all that God has done through this ministry over the years. Thank you for your continued partnership and support as I continue to live out the call God has placed in my life to serve here.

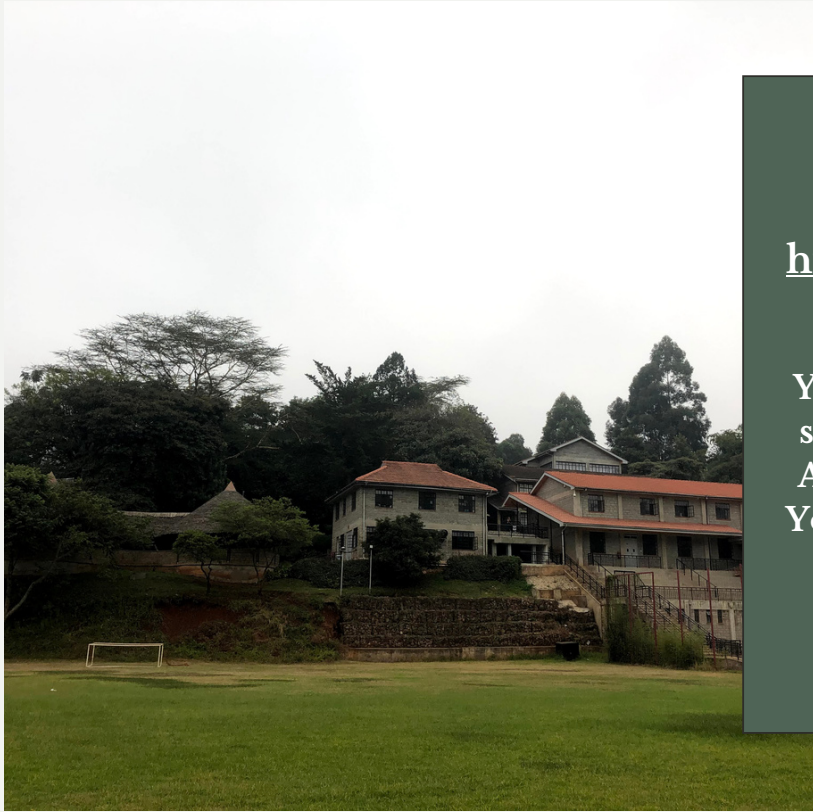

PRAYER POINTS

- The faith of my students and their families
- Provision for my market friends this Christmas
- Upcoming decisions

God is most definitely at work. This year, I have been able to share my faith in more ways than ever - with students, new friends, and old friends. This year, I have seen God working in the lives of my students. He is developing their character, working through hard family situations, and revealing their infinite value to Him.
